2. 2. Mott, N.F. *GL Mk I/EF and Mk II: Cliff edge effect on EF calibration*. October 1941. PRO WO 291/2.

3. 3. Hill, D.K., and A.F. Huxley. *Accuracy of GL Mk I feeding Vickers predictor*. October 1941. PRO WO 291/3.

4. 4. Arney, S.E. *Projectors P U 3"*. June 1941. PRO WO 291/4.

5. 5. Hill, D.K. *Chances of hitting at high angles of elevation: The expected increase in shooting efficiency made possible by high angle GL following*. June 1941. PRO WO 291/5.

6. 6. Whittaker, J.M. *Tracking of enemy aircraft*. July 1941. PRO WO 291/6.

7. 7. Spalding, J.F. *Summarized report on GL carpet*. 1941. PRO WO 291/7.

8. 8. Skinner, A.J., and M. Gye. *Analysis of AA gunfire from data contained in AA intelligence form ZZ for period 1 March – 5 March 1941*. 1941. PRO WO 291/8.

9. 9. Bayly-Pike, D.F., and B.L. Andrew. *Interim report on GCI in Hyde Park*. July 1941. PRO WO 291/9.

11. 11. Lowson, M.H. *Tests carried out with CD/CH(L) mobile equipment to ascertain the influence of site on bearing errors*. October 1941. PRO WO 291/10.

12. 12. Skinner, A.J., and M. Gye. *Analysis of ZZ forms for the period 5 April - 31 July 1941*. July 1941. PRO WO 291/11.

13. 13. Varley, G.C. *CD sets at Dover. Interim Report No 1. Interim Report No 2*. August 1941. PRO WO 291/12 and PRO WO 291/13.

15. 15. Author Unknown. *Analysis of line reading GL Mk II trials at Watchett*. July 1941. PRO WO 291/14.

16. 16. Leeds, R.J. *The line telephone system of the searchlight cluster station*. July 1941. PRO WO 291/15.

17. 17. Mort, J. *Bearing trials of GL Mk I A*. July 1941. PRO WO 291/16.

18. 18. Mort, J., and M.V. Wilkes. *Double bearing aerial system*. August 1941. PRO WO 291/17.

19. 19. Varley, G.C., and M.V. Wilkes. *Performance of NT 27IX and other sets at Dover*. September 1941. PRO WO 291/18.

20. 20. Nabarro, F.R.N. *An analysis of the bearing and angle of sight errors of GL in aircraft calibration*. September 1941. PRO WO 291/19.

22. 22. Hill, D.K. *GL Mk II and predictor investigation*. September 1941. PRO WO 291/20.

23. 23. Whittaker, J.M. *Tracks of enemy aircraft over gun defended areas. April - July 1941*. September 1941. PRO WO 291/21.

24. 24. Butler, H.E., A.D. Skelding, and K. Wilson. *Synchronised plotting of an aircraft from three GL sites*. December 1941. PRO WO 291/22.

25. 25. Hey, J.S., J.T.G. Milne, and S.J. Parsons. *Comparison of 0.4 and 0.6 bearing systems for GL Mk II*. October 1941. PRO WO 291/23.

26. 26. Swann, M.M., and A.D. Skelding. *Field check on unseen fire control in Area Tyne Q*. October 1941. PRO WO 291/24.

27. 27. Powell, C. *Balloon interference and GL bearing*. October 1941. PRO WO 291/25.

28. 28. Wilson, K., and D. Lack. *Common GL Mk I errors affecting graphical prediction*. December 1941. PRO WO 291/26.

29. 29. Rogers, G.A., D. Lack, and M.V. Wilkes. *10cm CD trials at Arran*. January 1942. PRO WO 291/27.

30. 30. Bayliss, L.E. *Range and angle of sight measurements in AA gunnery with special reference to unseen methods of fire control*. February 1942. PRO WO 291/28.

31. 31. Dobson, K.G. *Frequency stability of SLC transmitters in the field*. January 1942. PRO WO 291/29.

32. 32. Porter, A. *Investigation of the performance of the Metro-Vick system for the automatic control of GL Mk III aerial*. January 1942. PRO WO 291/30.

33. 33. Varley, G.C. *Mutual interference between the NT 27IX sets in the Dover area*. October 1941. PRO WO 291/31.

34. 34. Bayliss, L.E. *Extended range drum for GL height computer gear*. December 1941. PRO WO 291/32.

35. 35. Whittaker, J.M. *Tracks of enemy aircraft over gun defended areas: Part II Merseyside and IAZ*. December 1941. PRO WO 291/33.

36. 36. Varley, G.C. *10cm CD sets in the Dover area*. January 1942. PRO WO 291/34.

37. 37. Bayly-Pike, D.F., and B.L. Andrew. *AA/GCI accuracy trials*. October 1941. PRO WO 291/35.

38. 38. Morphet, W.M., and M.V. Wilkes. *Use of a small mat to improve vertical polar diagrams of GL Mk I transmitter signal*. January 1942. PRO WO 291/36.

39. 39. Bayly-Pike, D.F., and B.L. Andrew. *Siting trials carried out in London area with mobile GCI*. February 1942. PRO WO 291/37.

40. 40. Leeds, R.J. *Telephone communication with SLC heaters Mks I and I**. February 1942. PRO WO 291/38.

41. 41. Ewer, D.W. *Operational trials with GL Mk II and Vickers predictor during period 13 October - 1 November 1941*. January 1942. PRO WO 291/39.

42. 42. Britton, E.B. *The use of free balloons for lining up SLC*. January 1942. PRO WO 291/40.

43. 43. Whittaker, J.M., and M. Gye. *Report of the analysis of ZZ forms for the period 1 August - 30 November 1941*. January 1942. PRO WO 291/41.

44. 44. Bayliss, L.E., D.K. Hill, and A.F. Huxley. *Laboratory experiments on Vickers and Sperry predictors supplied from GL Mk II*. February 1942. PRO WO 291/42.

45. 45. Nabarro, F.R.N., and E. Humphreys. *The divergence between legs of balloon calibration in GL/EF and GL Mk II on matted sites*. January 1942. PRO WO 291/43.

46. 46. Nabarro, F.R.N. *Use of free balloons carrying crossed dipoles as targets for AA-RDF equipment*. January 1942. PRO WO 291/44.

47. 47. Bayliss, L.E. *Operational trials of the PPI*. January 1942. PRO WO 291/45.

48. 48. Hill, D.K. *Operational A batteries deployed in HAA role*. No Date. DO.

49. 49. Lack, D. *Weather during night raids in relation to visual control of searchlights*. February 1942. PRO WO 291/46.

52. 52. Nabarro, F.R.N., and E. Humphreys. *The effect of imperfect mat bonding on GL elevation finding*. February 1942. PRO WO 291/47.

54. 54. Bayliss, L.E. *Summary of information at present available about the accuracy of HAA fire at night*. March 1942. PRO WO 291/48.

55. 55. Parsons, S.J. *Trial of a 0.4 lambda bearing system on GL Mk II obtained by lowering the cabin without changing the aerial position*. March 1942. PRO WO 291/49.

56. 56. Bayliss, L.E. *Engagement of mine-laying aircraft by unseen methods with Sperry predictor*. April 1942. PRO WO 291/50.

57. 57. Hey, J.S., J.T.G. Milne, and S.J. Parsons. *Investigation of the performance of GL Mk II*. February 1942. PRO WO 291/51.

58. 58. Hill, D.K. *The 3in rocket (AD fuse) in the role of HAA for unseen fire at aircraft flying at heights between 9,000 - 13,000 feet. The relative effectiveness of the Z battery and the gun battery*. February 1942. PRO WO 291/52.

59. 59. Hey, J.S., and J.T.G. Milne. *The variation of GL Mk II bearing discrimination with the length of the Number 8 Feeder*. March 1942. PRO WO 291/53.

60. 60. Varley, G.C., et al. *The operational performance of NT 271 as a coast watching equipment*. April 1942. PRO WO 291/54.

61. 61. Hill, D.K. *The functions of rockets in AA defence*. June 1942. PRO WO 291/55.

62. 62. Wilson, K. *Trials of GL Mk IIIC 26 January - 15 March 1942*. May 1942. PRO WO 291/56.

63. 63. Whittaker, J.M. *Modification of time drum on a Vickers predictor for engagement of diving targets with heavy equipment*. May 1942. PRO WO 291/57.

64. 64. Spalding, J.F. *Over-interrogation of IFF by SLC*. May 1942. PRO WO 291/58.

65. 65. Hey, J.S., and J.T.G. Milne. *Adaptation of GL Mk II for the engagement of mine-laying aircraft*. June 1942. PRO WO 291/59.

66. 66. Whittaker, J.M., and M. Gye. *Report on the analysis of ZZ forms for the period 1 December - 31 March 1942*. July 1942. PRO WO 291/60.

67. 67. Powell, C, and K. Wilson. *The effect of rope rigging on GL interference from a balloon barrage*. June 1942. PRO WO 291/61.

68. 68. Hill, D.K. *AA defence with flashless propellant and contact fuses*. July 1942. PRO WO 291/62.

69. 69. Nabarro, F.R.N. *Use of SLC for early warning*. 1942. PRO WO 291/63.

70. 70. Varney, G.C., and M.V. Wilkes. *Trials of a high power 10cm set at Ventnor*. July 1942. PRO WO 291/64.

71. 71. Spalding, J.F. *Experimental trials using GCI plots to assist searchlight aided interception*. July 1942. PRO WO 291/65.

72. 72. Edes, N.H., R.H. Tanner, and R.M. Fernie. *Trials of wireless sender RCA type ET4332B with R107 receiver fitted in ACV and working to a similar station*. October 1942. In two parts: PRO WO 291/66 and PRO WO 291/67.

73. 73. Whittaker, J.M., and M. Gye. *Report on the analysis of ZZ forms for the period 1 April 1942 to 31 March 1944.* August 1942. PRO WO 291/68.

74. 74. Varley, G.C, and P.C. Varley. *Identification of targets on CD No 1 Mks IV/VI*. November 1942. PRO WO 291/69.

75. 75. Bayliss, L.E. *The effect of the height of the target on the accuracy of AA fire*. November 1942. PRO WO 291/70.

76. 76. Britton, E.B. *The accuracy of range and height measurement with SLC equipment*. December 1942. PRO WO 291/71.

77. 77. Tanner, R.H. *A method of estimating the ground wave range of Army wireless sets in the field*. December 1942. PRO WO 291/72.

78. 78. Solandt, O.M. *Analysis of AFV casualties - I tank Mk III - Armoured Brigade ME 22 July 1942*. December 1942. PRO WO 291/73.

79. 79. Bayliss, L.E. *Note on two apparent anomalies in the recorded effectiveness of HAA fire*. 1942. No PRO number.

80. 80. Varley, G.C. *The performance of PPI on aircraft using high power 10cm equipment at Ventnor*. January 1943. PRO WO 291/74.

81. 81. Clews, C.J.B. *Accuracy of sound ranging (abridged report)*. July 1943. In two parts: PRO WO 291/75 and PRO WO 291/76.

83. 83. Wallace, J.T.G. *Estimation of visual range and corrections to range using observation and sights with magnification 2x, 3x, 4x and 6x*. July 1943. PRO WO 291/77.

84. 84. Wallace, J.G. *Comparison of methods of ranging for tank gunnery on stationary targets at long range*. February 1943. PRO WO 291/78.

85. 85. Spalding, J.F. *Flare dropping trials*. February 1943. PRO WO 291/79.

86. 86. Dobson, K.G. *SLC alignment stability trials*. February 1943. PRO WO 291/80.

87. 87. Varley, G.C. *Anomalous propagation of 10cm RDF waves over the sea*. February 1943. PRO WO 291/81.

88. 88. Nabarro, F.R.N. *Obscuration of ground features by searchlight beams directed at low angles*. 1943. PRO WO 291/82.

89. 89. Milne, J.T.G., and S.J. Parsons. *The response of AA No 3 Mk II to shells and shell bursts*. April 1943. PRO WO 291/83.

90. 90. Jump, P.A. *LAA weapons for units other than AA batteries (Part One: Effectiveness)*. March 1943. PRO WO 291/84.

91. 91. Varley, P.C. *The detection off all of shot by 10cm RDF equipment*. March 1943. PRO WO 291/85.

92. 92. Ewer, D.E. *Analyses of HAA unseen engagements recorded photographically between December 1941 and March 1943*. March 1943. PRO WO 291/86.

93. 93. Lowson, M.H., and M.V. Wilkes. *The siting of CA No 1 Mk II, CD No 1 Mks IV-VI, and AA No 3 Mk II (in dual role) sets*. March 1943. PRO WO 291/87.

94. 94. Hey, J.S., and J.T.G. Milne. *The detection range performance of AA No I Mk II and Mk IA*. February 1943. PRO WO 291/88.

95. 95. Williams, P.E. *Proposals for all-round vision cupola*. April 1943. PRO WO 291/89.

96. 96. Solandt, O.M. *Firing on the move from tanks*. October 1943. PRO WO 291/90.

98. 98. Hey, J.S., S.J. Parsons, and G.S. Stewart. *Trials with AA No 3 Mk II Model Bl, December 1942 - February 1943*. April 1943. PRO WO 291/91.

99. 99. Sargeaunt, H.A., and R.J. Whitney. *The accuracy of central laying in tank gunnery with different types of central aiming mark*. April 1943. PRO WO 291/92.

100. 100. Piper, S.H. *Dispersion trials with the 3in mortar in the hands of operational detachments*. May 1943. PRO WO 291/93.

101. 101. Jump, P.A. *The 40mm BOFORS and the 20mm OERLIKON: A comparison of hitting value and lethal effect*. July 1943. PRO WO 291/94.

102. 102. Milne, J.T.G. *The performance of flexible feeders on AA No 1 Mk II under operational conditions*. May 1943. PRO WO 291/95.

103. 103. Hey, J.S., and G.S. Stewart. *Interference of SCR 268 with SLC*. May 1943. PRO WO 291/96.

104. 104. Milne, J.T.G. *Quarterly calibration summaries AA No 1 Mk II: January - April 1943*. May 1943. PRO WO 291/97.

107. 107. Varley, P.C. *The operational performance of an experimental CA No 1 Mk II equipment*. May 1943. PRO WO 291/98.

108. 108. Andrew, B.L., and E. Humphreys. *LW mutual interference trials*. May 1943. PRO WO 291/99.

109. 109. Sherratt, G.G. *The accuracy of line of sight range correction in tank gunnery and a comparison with the method of bracketing*. June 1944. PRO WO 291/100.

110. 110. Spalding, J.F. *Trials on the defence of a beach area by means of searchlights and fighters*. May 1943. PRO WO 291/101.

111. 111. Ewer, D.W. *Reports on the analysis of ZZ forms for period 1 April to 31 March 1943*. June 1943. PRO WO 291/102.

112. 112. Bromiley, R.B. *Validation of a synthetic trainer produced by CIA for training in visual laying*. June 1943. PRO WO 291/103.

113. 113. Freeman, P. *LAA defence of VPs by 40mm guns, with special reference to low flying aircraft*. June 1943. PRO WO 291/104.

114. 114. Skelding, A.D. *Operational drill trials with AA No 3 Mk II and Vickers predictor at E22, April 1943*. August 1943. PRO WO 291/105.

115. 115. Hey, J.S., and S.J. Parsons. *The bearing accuracy of AA No 1 Mk II with an observer on the external seat*. September 1943. PRO WO 291/106.

116. 116. Mott, N.F., and G.D. Kaye. *A comparison of 3" mortar bombs, 7lb and 10lb*. June 1943. PRO WO 291/107.

117. 117. Arney, S.E. *The mechanical rate measuring gear for the amputated Sperry predictor*. August 1943. PRO WO 291/108.

1670. 30. Author Unknown. *An investigation into the reported variation of jump of the 75mm gun in the Sherman tank.* April 1945. PRO WO 194/309 and PRO WO 194/636.

1671. 31. Author Unknown. *The TAR angle of sight instrument*. May 1945. PRO WO 194/309 and PRO WO 194/637.

1672. 32. Author Unknown. *Electrical "pick-up" devices for rate measuring cyroscopes: Interim report*. June 1945. PRO WO 194/309 and PRO WO 194/638.

1673. 33. Author Unknown. *Tank telescopes: The compromise between magnification and field of view: Trials with Ross variable power telescope*. June 1945. PRO WO 194/309 and PRO WO 194/639.

1674. 34. Author Unknown. *Investigation into the variation of jump of the 17-pr gun in a tank mounting*. June 1945. PRO WO 194/309 and PRO WO 194/640.

1675. 35. Author Unknown. *Bow MG mounting in Centurion*. June 1945. PRO WO 194/309 and PRO WO 194/641.

1676. 36. Author Unknown. *Effect on flash and shimmer of injecting notrogen into the barrel of 17-pr gun*. August 1945. PRO WO 194/309 and PRO WO 194/642.

1677. 37. Author Unknown. *Tank telescopes: Effect of magnification on speed and accuracy of lay*. August 1945. PRO WO 194/309 and PRO WO 194/643.

1678. 38. Author Unknown. *Accuracy of laying for line in turret down and indirect fire*. September 1945. PRO WO 194/309 and PRO WO 194/644.

1679. 39. Author Unknown. *Accuracy of estimating range from within a vision cupola*. October 1945. PRO WO 194/309 and PRO WO 194/645.

1680. 40. Author Unknown. *Reduction of obscuration by dust when firing the 17-pr gun: The efficiency of certain muzzle attachments*. November 1945. PRO WO 194/309 and PRO WO 194/646.

1681. 41. Author Unknown. *Tank telescopes: Laying errors due to parallax*. November 1945. PRO WO 194/309 and PRO WO 194/647.

1682. 42. Author Unknown. *An appreciation of the Skink AA tank*. November 1945. PRO WO 194/309 and PRO WO 194/648.

1683. 43. Author Unknown. *The future of control systems for tank gunnery*. December 1945. PRO WO 194/309 and PRO WO 194/649.

1684. 44. Author Unknown. *17-pr obscuration - second report: Obscuration due to flash: Visibility of various tracers*. April 1946. PRO WO 194/309 and PRO WO 194/310.

1685. 45. Author Unknown. *The determination of jump and accuracy of 17-pr guns in AVENGER self- propelled mountings*. April 1946. PRO WO 194/310.

1686. 46. Author Unknown. *Measurements of the flexural characteristics of a rigidly mounted 20-pr gun barrel*. April 1946. PRO WO 194/310.

1687. 47. Chambers, R.G. *76mm obscuration: Use of M62Al (longprimer) ammunition and muzzle brake*. April 1946. PRO WO 194/310.

1688. 48. Author Unknown. *Experiments to determine the damage to the 17-pr gun when striking the skid rail in Centurion II*. June 1946. PRO WO 194/310.

1689. 49. Author Unknown. *Optimum magnification for layer's telescope and commander's observing instrument: Part II Field trials on magnification and recognition factor*. April 1946. PRO WO 194/310.

1690. 50. Author Unknown. *Speed and evasive action as possible substitutes for heavy armour*. June 1946. PRO WO 194/310.

1691. 51. Author Unknown. *The accuracy of 17-pr DS Mark IV and its effect on the accuracy of APCBC shot*. June 1946. PRO WO 194/310.

1692. 52. Author Unknown. *Assessment of forward area sight, STIFFKEY STICK and gyrosight of a 4-man AA turret*. June 1946. PRO WO 194/310.

1693. 53. Author Unknown. *A comparison of the speeds in action of various sighting systems and methods of fire control tanks*. July 1946. PRO WO 194/310.

1694. 54. Author Unknown. *Obscuration caused by firing: Its importance in future tank gunnery*. September 1946. PRO WO 194/310.

1695. 55. Author Unknown. *An investigation into jump (based on 6-pr guns)*. July 1946. PRO WO 194/310.

1696. 56. Author Unknown. *Predetermined corrections in tank gunnery*. October 1946. PRO WO 194/310.

1697. 57. Author Unknown. *The determination of jump and accuracy of 17-pr gun in CENTURION I*. October 1946. PRO WO 194/310.

1698. 58. Author Unknown. *Automatic laying of tank guns for line*. August 1947. PRO WO 194/310.

1699. 59. Author Unknown. *The provision of a central dot in an opaque broken cross graticule*. October 1946. PRO WO 194/310.

1700. 60. Author Unknown. *Suitability of the polaroid sight for use with the Bow machine gun*. December 1946. PRO WO 194/310.

1701. 61. Author Unknown. *Suitability of the polaroid sight for use with the Bow machine gun*. November 1948. PRO WO 194/310.

1702. 62. Author Unknown. *Preliminary firing trials with Metropolitan-Vickers Electrical Cl's stabilizer in Centurion - P. 17: Expert gunners*. November 1946. PRO WO 194/310.

1703. 63. Author Unknown. *Accuracy of fire from Centurion II*. November 1946. PRO WO 194/310.

1704. 64. Giles, C.J., and L.W. Phipps. *Exploration of load distribution beneath track-laying vehicles: Preliminary measurements with pressure gauges set in the spuds of Centaur track links*. December 1946. PRO WO 194/310.

1705. 65. Author Unknown. *Causes of inaccuracy in high velocity guns*. December 1946. PRO WO 194/310.

1706. 66. Author Unknown. *The application of radar to AFV's*. April 1947. PRO WO 194/310.

1707. 67. Author Unknown. *The effect of a gunner removing his eye from the telescope during engagement of a target*. January 1947. PRO WO 194/310.

1708. 68. Author Unknown. *Performance of 0.30 inch Browning Gun in A.45 turret*. January 1947. PRO WO 194/310.

1709. 69. Author Unknown. *Firing trials of periscope sighting AFV Mk I*. January 1947. PRO WO 194/310.

1710. 70. Author Unknown. *Tracking with the Metropolitan-Vickers stabilizer on Centurion II turret*. February 1947. PRO WO 194/310.

1711. 71. Author Unknown. *The effect of various types of opaque and transparent graticules on speed and accuracy of laying*. August 1947. PRO WO 194/310.

1712. 72. Author Unknown. *The Philips Hot Air Engine*. January 1947. PRO WO 194/310.

1713. 73. Author Unknown. *Firing from a moving tank*. March 1947. PRO WO 194/310.

1714. 74. Author Unknown. *Muzzle boresights and zeroing*. June 1947. PRO WO 194/310.

1715. 75. Author Unknown. *Effect of size of exit pupil on observation of fire at short ranges*. December 1947. PRO WO 194/310.

1716. 76. Author Unknown. *Comparative trials of 6.5 inch and 7.5 inch guns in Churchill AVRE's*. July 1947. PRO WO 194/311.

1717. 77. Pollitt, H.W.W., W.A. Lewis, and P.H.T. Lewis. *The sinkage into soft soil of plates representing idealised tank-track links*. October 1947. PRO WO 194/311.

1718. 78. Author Unknown. *Fire from stabilized main armament: Value of automatic allowance for movement of tank*. September 1947. PRO WO 194/311.

1719. 79. Hoad, C.W. *A summary of experiments on soft-ground crossing by vehicles*. June 1948. PRO WO 194/311.

1720. 80. Uffelmann, F.L. *The measurement of soil loads exerted by flails and vehicles*. October 1947. PRO WO 194/311.

1721. 81. Dunbar, C. The *effect of rangefinder inaccuracy on the performance of 20-pr tank gun*. February 1948. PRO WO 194/311.

1722. 82. Wilson, E. *Accuracy test of remote-controlled machine gun installation*. November 1947. PRO WO 194/311.

1723. 83. Spring, K.H. *The effect of various types of opaque and transparent graticules on speed and accuracy of laying n conditions of failing light*. November 1947. PRO WO 194/311.

1724. 84. Author Unknown. *Trial of optical vane sight*. January 1948. PRO WO 194/311.

1725. 85. Wieland, C.J. *The effect of rain on the droop of a hot gun*. April 1948. PRO WO 194/311.

1726. 86. Haines, A.E. *A new method of measuring gearbox power losses*. January 1948. PRO WO 194/311.

1727. 87. Spring, K.H. *The effect of light losses and scattering on the performance of telescopes*. March 1949. PRO WO 194/311.

1728. 88. Cadwell, J.H. *Causes of Obscuration when firing over a hot engine compartment*. No Date. PRO WO 194/311.

1729. 89. Spring, K.H., and C.J. Wieland. *Hull movements of Centurion II and their effect of the stability of on-mounted radar equipment*. October 1948. PRO WO 194/311.

1730. 90. Cadwell, J.H., and E. Wilson. *Comparative rangefinding trials*. November 1948. PRO WO 194/311.

1731. 91. Wilson, E. *Investigation into a proposed method of improving the accuracy of the coincidence rangefinder*. No Date. PRO WO 194/312.

1732. 92. Cadwell, J.H. *Preliminary Tests of Ruel Rangefinding Sight*. September 1948. PRO WO 194/312.

1733. 93. Cadwell, J.H. Preliminary *trials of Muzzle Boresight*. September 1948. PRO WO 194/312.

94. Wieland, C.J. *Further trials with 6.5in gun in AVRE*. December 1948. PRO WO 194/312.

1735. 95. Wieland, C.J. *Test of production ARV Sight Mark I*. July 1949. PRO WO 194/312.

1736. 96. Cattrell, V.G. *The measurement of the time lags of the pressure rise on the cylinders of air-brake test rigs*. June 1949. PRO WO 194/312.

1737. 97. Turner, J.T.H. 1734. *The accelerations experienced on a flame-thrower trailer when towed behind a tank*. October 1948. PRO WO 194/312.
